

## Automated Commercial Environment—Requirements Recommendation

<b>Date:</b>	August 31, 2001
<b>Number:</b>	MMM – HL - 07
<b>Requestor:</b>	Multi-Modal Manifest Subcommittee
<b>Customs Co-Chair:</b>	John Considine
<b>Trade Co-Chair:</b>	Len Podgurny

### Requirement

**Customs authored Transportation Dictionary**

### Business Need

It is necessary for customs to author a transportation dictionary to eliminate communication errors.

#### **ASSUMPTIONS:**

1. Access to Customs Transportation Dictionary by Carriers
2. Single dictionary to be used by all parties interested in manifest
3. Trade to participate in review of definitions
4. Author and maintainer should be e-CP initially and then turned over to Customs

### Technical Need

The dictionary must be available to all members of the trade.

### Benefits

A customs authored transportation dictionary will ensure uniformity of terminology used by customs and the trade.

### Risks
